Ordering Information

Order by catalog number. Switches include frame and self protective trip unit only. Order lugs separately from pages 7-139 to 7-141.

■ Built to order. Allow 2–3 weeks for delivery.

① For 2-pole application use outside poles of 3-pole circuit breaker.

② For additional lugs see pages 7-139 to 7-141.

③ Molded case switches up to R frame contain a self protecting instantaneous element, which may open circuit above their override set point.

④ UL file E57556 Volume 1, section 2 and CSA LR 42022-51.

⑤ Requires mounting block MB9301 or MBR9302.

Lugs pages 7-139 to 7-141
 Enclosures Section 6
